

REBUTTAL OF UNFOUNDED ALLEGATIONS AGAINST HON. ALBERT KAN-DAPAAH

My attention has been drawn to recent unfounded and baseless allegations made by Mr. Kevin Taylor, a social media commentator, falsely accusing me of involvement in Illegal Gold Mining activities, commonly known as “Galamsey”.

These allegations are false and without merit. I wish to emphatically state that I have no concessions and I am not engaged in any form of mining whether legal or illegal.

These malicious claims are a deliberate attempt to tarnish my reputation and distract from my work.

I urge the public to disregard these baseless accusations and remain vigilant against misinformation, particularly on social media platforms.

SGD

HON. ALBERT KAN-DAPAAH
